

1. Reset the doorbell by holding the doorbell's main button until the LED turns yellow.
2. Log into the Alarm.com mobile app.
3. Tap **Menu** (3 stacked horizontal lines).
4. Tap **Doorbell Camera**.
5. Tap **Settings** (gear icon).
6. Scroll down to the bottom and tap **Remove Doorbell**
7. Reboot Alarm.com Mobile App
8. Tap **Menu** (3 stacked horizontal lines).
9. Tap **Doorbell Camera**.
10. Tap **Add Doorbell Camera**
11. Proceed through the installation wizard. This is the same process as the initial installation of the Doorbell Camera.
